

554.9105 Control of electronic chattel paper.

A secured party has control of electronic chattel paper if the record or records comprising the chattel paper are created, stored, and assigned in such a manner that:

1. a single authoritative copy of the record or records exists which is unique, identifiable and, except as otherwise provided in subsections 4, 5, and 6, unalterable;
2. the authoritative copy identifies the secured party as the assignee of the record or records;
3. the authoritative copy is communicated to and maintained by the secured party or its designated custodian;
4. copies or revisions that add or change an identified assignee of the authoritative copy can be made only with the participation of the secured party;
5. each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and
6. any revision of the authoritative copy is readily identifiable as an authorized or unauthorized revision.
